

F4 Custodian and Regalia Secretary Annual Report

The Gerald Carr Memorial F4

Only four 'borrowings' have taken place over the last year with an income of £275

Thanks must go to Ewan Cameron for a donation of £350

Expenditure has gone on repairing the trailer, restoring the steering wheel and rectifying the head gasket problem. It is hoped this will be achieved by the restoration of a 10HP head rather than the 'high compression' 8HP head. This will also result in a better mounting for the dynamo.

The limited number of loans must bring into question the future of the 'Gerald' as the income is not presently covering the expenditure.

Regalia

Regalia sales have been steady throughout the year with the limited offer book bundle proving popular.

Some new items have been added, including a range of Morgan greetings cards, new design t-shirts and fridge magnets.

Steve Uprichard has made great strides in preparing the website for on-line ordering.

Thanks must also go to Maria Parkinson for manning(?) the stand at the opening run and 'Thrill on the Hill'.

Efforts are still being made to reduce the stock levels but new items, such as garage thermometers, MTWC lanyards and Morgan script decals are being considered.
