

## **Sporting report September AGM 2020**

As for most 2020 has been a non event!

All planned sporting events for the challenge series, sprint and hill climb series have been cancelled.

This happened slowly at first as clubs were waiting to see what happened with the virus and as we run under the ACU for our series events, what the guidance from them was going to be.

As from the date of writing this report, the guidance is still unclear from the ACU as to competition with passengers in our Morgans? I have worked with Steve Lister on a risk assessment for the night trial, (which is a modified version issued by the ACU) to, hopefully help them in a decision in events with passengers.

We have a provisional date for our Curborough 2021 event, which is June 13<sup>th</sup> and I am awaiting a couple of confirmations from officials we require before confirming the booking. I have also asked to provisionally book the 12<sup>th</sup> as a training type day to replicate the weekend we had planned for this year.

I am starting to plan events for 2021 but these are wholly reliant on other clubs, whose events we enter.

Hopefully by the start of the 2021 competition season we will have a clearer picture of what events will be running and any guidance we will need to follow.
